

Hawaiian Gazette Supplement, Sept. 29, 1880.

Latest Foreign News.

Received per steamer *City of Sydney* and bark *Kelches* dates to Sept. 12th:

We hear that Moreton passed through San Francisco without even stopping at a hotel. He is evidently anxious to put his extraordinary commission into force.

President Hayes is in San Francisco and the citizens are much elated.

Sydney, Sept. 9.—The mail steamer *Severn* went ashore a mile from Cape Jervis, South Australia. Passengers and mails for Sydney had been landed. No lives lost. The Duke of Manchester was among the passengers.

New York, Sept. 3.—A serious fire in New York has resulted in the destruction of Manhattan Market, and the loss of nearly \$2,000,000 worth of property.

New York, Sept. 8.—The *Times* thinks nimmo's estimation of 1,000,000 tons as the limit of foreign trade for the Pacific Canal is very liberal, and that in the no distant future the imports would be less than greater than this sum. That this aggregate tonnage would be sufficient to pay those who ventured to build the Canal does not seem at all probable. Permitting the possibility of fixing the tariff at the extreme rate of \$3 per ton, the Canal Company's income would be only \$4,500,000, or less than five per cent. on the investment, and this without deducting anything for running or incidental expenses.

President Hayes and party reached Gold Hill at 2:20 yesterday afternoon. They were received by Major General Folsom, Brigadier-General Butterman and staff, the Grand Army of the Republic as an especial escort, and the First Brigade of Nevada State militia, with music. The procession went over the Divide to Virginia City, where Mayor Stevens welcomed them.

New York, Sept. 8th.—It is announced that "The Passes," a play relating to the last days of the life of our Savonarola on earth, will be produced at Booth's Theatre December 6th, under the management of Henry E. Abbey.

Quincy, Sept. 8th.—About 200 families are rendered homeless and destitute by the fires in the parishes of St. Helena, St. Theodore, St. Germanus, St. Charlotte and St. Valentine. It is estimated that the loss will be \$200,000. Friends still remain who the inhabitants bravely sustain them, but with little success.

Berlin, Sept. 8th.—One hundred and fifty towns have risen to give the Republicans a majority of 17,000. On this basis the Republican majority over all will be about 22,500, and their plurality about 27,000. The Legislature will have but one Democratic Senator. The House is overwhelmingly Republican.

BUCHAREST, September 8.—Intelligence is received that Bulgaria will, in October, declare her independence.

BERLIN, September 8.—The following semi-official statement is published: There is reason to believe that Russia is disposed at present to look coldly upon agitation in favor of the formation of a government of national defense. Russia is disposed to any re-opening of the Eastern question, although she may not be disposed to make a distinct avowal to that effect.

GOMBERGOWSK, September 8.—The dispositions in Armenia threaten to assume the proportions of an insurrection.

The Russian Admiral has prevailed on Prince Nikita of Montenegro to withdraw his pecuniary claims for dispatching troops to Dulcigno, and to do whatever the Powers advise in the matter.

The French portion of the naval demonstration will withdraw immediately a shot is fired. The other Powers agree that they will not land their troops. Hostilities, in the event of certain contingencies, will be confined to the bombardment of Dulcigno.

The Porte pending the receipt of further dispatches from Siria Pasha, withdraws at the last moment the note announcing that the Albanians had agreed to the cession of Dulcigno.

It is now considered that the cession of Dulcigno by Saturday is a dead letter. It is now represented in official circles that a general cession is possible if a few more days are granted.

LONDON, September 8.—The meeting recently received that friendly relations had been established between Russia and China, and that negotiations were proceeding at Pekin for the conclusion of a treaty between the two countries, is fully confirmed. Terms are understood to have been finally arranged, and the treaty will be signed at an early date.

The six-thousand regiment left today, and will return to Quetta and remain there, ready to act against the movements around the Shans of Kandahar's troops and the Lashkar tribes.

LONDON, September 10.—The explosion at the Sevastopol barracks, 75 widows and 283 orphans. The victims are largely single men. The first corpses were brought up this morning. One hundred and thirty is the lowest estimate of the dead. Five hundred horses are in the mire. The bodies recovered are frightfully disfigured. Some were buried so deep in the debris that they may never be found. Five hundred interments were made.

From the list published, it appears that 120 men and boys are missing. The latest official statement gives the number of killed at 141. A broken Davy safety lamp has been brought up from the sixth seam, and it behoved the miners some light on the origin of the disaster.

CONSTANTINOPLE, September 11.—The announcement made at the beginning of the week that the Albanians had agreed to the cession of Dulcigno to Moreton Bay is now proved to have been erroneous.
